**Excellence in patient care is the standard that Beth Israel Medical Center has followed since its founding over a century ago.**

**The Beth Israel staff is concerned about meeting the physical, emotional, and spiritual needs of our patients. For your information, the basic elements of quality care, as set forth by the New York State Department of Health in a Patients Bill of Rights, follow.**

**You have the right, as a hospital patient in New York State, to:**

1. Understand and use these rights. If for any reason you do not understand or you need help, the hospital **MUST** provide assistance, including an interpreter.

3. Receive considerate and respectful care in a clean and safe environment free of unnecessary restraints.
4. Receive emergency care if you need it.

14. Participate in all decisions about your treatment and discharge from the hospital. The hospital must provide you with a written discharge plan and written description of how you can appeal your discharge.

18. Authorize those family members and other adults who will be given priority to visit consistent with your ability to receive visitors.
